PROFESSIONAL SUMMARY

Motivated B.Tech student specializing in Artificial Intelligence & Machine Learning with hands-on experience in **Power BI, SQL, Python, and Excel**. Skilled in developing interactive dashboards, data visualization, business intelligence, and basic machine learning solutions. Passionate about transforming raw data into actionable insights and seeking a **Data Analytics Internship** to contribute analytical and problem-solving skills in a professional environment.

TECHNICAL SKILLS

Power BI: DAX, Power Query, Data Modeling, KPI Cards, Interactive Dashboards, Slicers, Drill-through, Bookmarks

Analytics: SQL (MySQL), Microsoft Excel, Data Cleaning, Data Analysis, Data Visualization, Business Intelligence

Programming: Python, Core Java (Basic)

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Scikit-learn, FastAPI (Basic), Streamlit (Basic)

Tools: Git, GitHub, Jupyter Notebook, VS Code

PROJECTS

Flipkart Sales Analysis Dashboard | Power BI

- Built an interactive dashboard using KPI Cards, Bar, Line, Donut, Treemap, Scatter, and Stacked Column Charts to analyze sales, customer ratings, regional performance, and payment methods.
- Used DAX and Power Query for KPI calculations, data transformation, and interactive business reporting.

Global Superstore Executive Dashboard | Power BI

- Developed an executive dashboard with KPI Cards, Area, Donut, and Bar Charts to monitor revenue, profit, orders, customers, and product performance using dynamic slicers.

Smoking Health Risk Analysis Dashboard | Power BI

- Created an interactive healthcare dashboard with dynamic organ image switching, KPI Cards, and visualizations to analyze smoking habits, BP risk, BMI, age groups, and gender distribution.

Tesla Stock & 3D Car Analysis Dashboard | Power BI

- Designed a dynamic dashboard featuring KPI Cards, model-wise image switching, 3D vehicle view integration, and interactive charts for vehicle pricing and accident analysis.

Spam Detection using Machine Learning | Python

- Developed a basic NLP-based spam classifier ,Scikit-learn, and text preprocessing techniques.
-

EDUCATION

Bachelor of Technology (Artificial Intelligence & Machine Learning)

Ambalika Institute of Management & Technology | Expected Graduation: **2027**

Current CGPA: 8.43 | Highest Semester CGPA: 8.67

CERTIFICATIONS

- Python (Basic) – HackerRank
- Data Analytics Training
- Power BI | SQL | Microsoft Excel
